Canvas

OLYMPIA
CANVAS

You don't just cook food. You create art. Art that inspires through looks just as much as taste. And all great art starts with the same thing; the right canvas. Blending cutting edge shapes and bold colours with one-off finishes, Canvas is the blank page where your next masterpiece begins.

How to set up a Colour-Coded System

Colour-coding your cleaning equipment is a simple way to prevent harmful bacteria being transferred around your workplace and minimise the risk of infection. Every business can decide on their own colour-coded system. Here is the most commonly used rule for assigning colours.

Kitchen & Food Preparation	Washrooms & Toilets	Restaurant & Bar	Public Areas

Blue Non-Woven Cloth Sheets

All-purpose non-woven cloths with excellent wiping capabilities. Each cloth measures 250 x 250mm. 300 sheets per roll.

POLAR U-Series Chilled & Frozen Cold Rooms

Simplify your refrigeration system with these great-value walk-in cold rooms. Each unit can be divided into separate sections for different food groups, allowing you to easily find the ingredients you need when you need them. Also perfect for storing less frequently used ingredients, freeing up your in-demand kitchen chillers. Quiet 43dB operation also makes them ideal for any kitchen, whether customer facing or not. Operate in a maximum ambient temperature of 43°C, so they offer year-round reliability, even in the hottest summers.

How to Order
Cold rooms are available as chillers or freezers. For chillers, choose codes ending in –C. For freezers, choose codes ending in –F.

Once you've chosen the size of your cold room, select the colour by adding the relevant two letters listed below to your product code. E.g. For brown 1500(W) x 1800(D)mm freezer use DS482-FBN.

Vandyke Brown (BN) | Olive Green (GN) | Anthracite Grey (GY)
